

## PROFESSIONAL

## AMALFI

The AMALFI coffee maker is the evolution of the Capri model, one of the most successful of Sanremo's products. It has a special tilting cup rest, enabling it to be used for a dual purpose as it can take both a normal espresso or cappuccino cup or a classical mug. This special feature makes it perfect in situations where a prompt response to the customers' most diverse requirements is needed. Now available in Deluxe version with boiler capacity raised to 12 L.
